

Health Conditions

New vocabulary

- *Wheezing*
- *Sticking out*
- *Miserable*
- *Collapsed*
- *Clammy*

What do you think these illnesses are? Discuss with your classmates.

1. A child is wheezing and looking for his puffer
2. A young boy has fallen from a tree and is holding his arm. A bone is sticking out through his skin.
3. A five year old girl is miserable, sneezing, and sounds like she has a blocked nose.
4. A man has collapsed on the ground. He is pale and clammy. He does not have a pulse.

Which of the symptoms, mentioned above, are matched with which illness mentioned below? Work it out with a classmate.

Broken arm

A cold

Asthma

Heart attack
