

Write Two Instructions

BUT

You need to use short sentences

You need to also use the words:

AND BUT THEN BECAUSE WHEN

Example: to boil an egg

First, boil water in a pot

Next, **when** the water is boiling, lower egg in gently (**because** if you drop it in it will break)

Then, after 6 minutes, take the egg out **and** let it cool. **But** don't leave it on the bench, as there is nothing worse than a cold egg.

Finally, peel the egg, whack a knob of butter on top, and eat.
